It's nice to see a new energy in the [German-speaking XOOPS community](#), which recently added a new team member, **Goffy**, to its [Admin team](#):

Goffy has been using XOOPS since 2004, and got into more serious development since 2010. He is author and contributor to several modules, incl. the excellent [xNewsletter](#).

**Bleekk**, another member of the team, who we all know from his cool theme designs for XOOPS, is working on a new theme for the XOOPS German-speaking community, and the preview looks excellent (I've seen it and I loved it!!!! 😊)

We are very happy to see the re-energized team, and wish Goffy and the whole German-speaking community much success and fun with XOOPS!

Viva XOOPS! 😊
