

New Contact Module - Modules

NEWS\_PDF\_AUTHOR: Bleekk

NEWS\_PDF\_DATE: 2015/10/11 18:30:00

Hi all,

The German XOOPS Team released today a new/updated Contact module.

This module uses Bootstrap templates which makes it perfect for modern responsive websites.

**Features:**

- xBootstrap Templates
- Google Recaptcha (optional)
- easily included Google Maps

Please test the module and give us feedback so we can improve it.

**Demo:**

You can see a demo of this module here:

<http://shield.xoopsthemes.com/modules/contact/>

**Download:**

The module can be downloaded and forked here:

<https://github.com/myxoops/contact>

Thanks
