Publisher 1.03 RC 1 for XOOPS 2.5.8 & PHP 7 released for Testing - Modules

NEWS_PDF_AUTHOR: Mamba

NEWS_PDF_DATE: 2016/7/7 17:50:00

We are happy to announce the **Publisher 1.03 RC 1** for **XOOPS 2.5.8 & PHP 7** is released for testing

Some of the fixes/changes:

Quote:

- fixed Undefined offset: 0 in file /modules/publisher/class/file.php (bleekk/mamba)
- fixed Recent Articles List Block (bleekk/mamba)
- fixed Recent Articles Details Block (mamba)
- changed: if selected "Display block summary on articles page", both Summary & Body are displayed (bleekk/mamba)
- fixed bug in Latest news block (mamba)
- added copy blank.png in index.php (mamba)

Download: GitHub

Tutorial: GitBook

UPDATE: Fixes are in **Publisher 1.03 RC 2**

Regarding PDF, you can download TCPDF from GitHub, and then copy the <u>content</u> of the zip file into:

 /class/libraries/vendor/tecnickcom/tcpdf/

and then your PDF should work without any problems.
