[myAlbum 1.0.2](#) - for the 1.3.x series

[myAlbum 1.1.0 \(beta\)](#) - for 2.0.x (RC2 tested only (yet))

(Click for better description)

Only english and portuguesept are updated, I need some help with the others langs.

(the translators credits are missing I will fix that ASAP)

I will try to support it better this time, for that we have a new xoops site
