After been offline for more than one month, due to some hosting problems, the Italian support is online again.

We have moved to a new server and now we have also a new domain. We have taken this opportunity to upgrade finally to the XOOPS 2 version.

If you like, you can reach us at [www.xoopsit.net](http://www.xoopsit.net)

I would like to thanks [xoops.org](https://xoops.org) for the space granted here, and again for the effort that they put in this project.

kind regards,  
the staff of XOOPS :: Italian Corner
