

Glossary module for Xoops - Modules

NEWS_PDF_AUTHOR: pascal

NEWS_PDF_DATE: 2002/1/24 14:41:18

Glossary module created for Mpn has been adapted for Xoops. This new version (1.5) have a lot of modifications especially for the acces to the database and return page. The Glossary is available in english and french, we have added a install file, and a block whith a random definition... A demo is available on <http://www.pascal.nukien.com> (test site) and you can download this module at i-Annonces.net Sorry for my bad english... 😞
