

FreeContent v2.01 with Smarty, Xoops comments and Tutorial - Modules

NEWS_PDF_AUTHOR: wjue

FreeContent but modernized with Smarty, Xoops comments feature, Search and also a Tutorial for using it. The Data base structure is not changed so you can backup your settings and reuse it.

CJcontent would be more appropriate if you want an editor to be built-in but I just can't stop using FreeContent as I am so accustomed to it. And I release it as a nostalgic alternative 🍷
