

First xooped Portuguese site - YAXS

NEWS\_PDF\_AUTHOR: wysiwyg

NEWS\_PDF\_DATE: 2002/1/28 1:53:45

Hi there 😊 I'm glad to announce that [eternos.org](https://eternos.org), which was working under phpnuke since a year ago, is now running under xoops.

We're a portuguese "virtual community", sharing ideias in our site.

Anyone interested in a portuguese language file, can send me a mail. 📧
