TinyContent v1.1 released! - Modules

NEWS_PDF_AUTHOR: chapi

NEWS_PDF_DATE: 2003/6/17 16:10:08

The TinyContent module now works fine with register_globals=off! You can get the v1.1 here at xoops.org in the downloads area!

Also the xoops-search is now integrated into TinyContent. In the package are language files for german, english and nederlands.

Please post feedback here as comments.
