iMenu :: more flexible menu for xoops - Modules

NEWS_PDF_AUTHOR: ithil

NEWS_PDF_DATE: 2003/7/4 17:43:33

today i've finished iMenu.
you can order, create, edit, delete, hide and unhide as many links as you like you can create
link of any kind ::
[news] -> the news module ( [xxx], the xxx is the dir name of the module )
http://www.maxon.net -> maxon's site
www.maxon.net -> maxon's site
etc.
you can download it from my site ::http://www.luinithil.com
