

Program ports XOOPS 1x Avatars to XOOPS 2x - XOOPS

NEWS\_PDF\_AUTHOR: Philip

NEWS\_PDF\_DATE: 2003/7/23 10:32:51

Hi,

After I updated to XOOPS 2.0.3, I was very disapointed that all my avatars were not there any more. I am sure alot of other people were too.

Well, I am not the kind of guy to fret, so I wrote a program that will port your avatars from 1x to 2x. It also updates the users too.

download it for free at

[www.calogic.de](http://www.calogic.de)

it's in the downloads->xoops section.

I am just sorry I didn't update sooner. Because I feel sorry for all of you who did this work by hand.

C'ya
